

help us to
unlock
your child's
potential

School Policies are prohibiting professional enrichment programs like Young Rembrandts from providing afterschool classes in your schools.

Afterschool programs improve test scores, increase school attendance, and enhance school involvement while helping millions of working parents keep their kids safe during afterschool hours.

We help over 500 school districts nation wide unlock the creative genius in their students.

why not yours?

Young Rembrandts offers an afterschool enrichment program for children ages 6 to 12. We teach children how to draw while developing academic, conceptual, and critical thinking skills. And yes, we have fun too.

Email or Call Your
[Local Young Rembrandts
Program Director](#)

We believe that parents, not school policy, should determine if afterschool enrichment opportunities should be available to their children through the facility of public buildings.

Just one parent who agrees—can turn the key.
Be that parent. [Contact your local program director](#)—or write to your school board. You can also sign our petition by cutting and faxing/mailing the signed coupon below to:
